

ATTENTION RESIDENTS

GARBAGE COLLECTION UPDATE FOR THE WEEK OF FEBRUARY 11, 2019

Garbage & Recycling Collection should be back on track for all of our residents starting Monday 2/11th. Your garbage and/or recycling should be picked up on your regularly scheduled day and week per the [2019 Recycling Schedule](#).

For residents whose recycling was not picked up the week of 1/28th (due to the artic temperatures and the closing of the Waukesha County Recycling Center), your recycling will be picked up this week as usual. For those affected residents, ADS will allow your excess recycling to be placed next to your recycling cart – preferably in clear plastic bags or cardboard bundled up together.

We again thank you for your patience and understanding as we all dealt with Mother Nature’s temper tantrums!” 😊
