[AMERICANS WITH DISABILITIES ACT]

The City of New Berlin fully supports the provision of the Americans with Disabilities Act and is committed to supporting the full inclusion of persons with disabilities into programs, classes, services and public facilities so that full participation may be enjoyed by all. Persons with a disability may request a reasonable accommodation to participate with the City of New Berlin by contacting our department in advance at (262)-797-2443.

All requests must be made a minimum of 14 days prior to the start date of the program/service.
Due to increasing concerns about concussions in youth sports, we ask that you please review the following information, in accordance with Wisconsin Act 172, statute 118.293. Our participants’ safety is our number one concern!

**WHAT IS A CONCUSSION?**
A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a “ding”, “getting your bell rung” or what seems to be a mild bump or blow to the head can be serious.

**WHAT ARE THE SIGNS & SYMPTOMS OF A CONCUSSION?**
Signs and symptoms of a concussion can show up right after the injury or may appear days or weeks after the injury. If an athlete reports one or more symptoms of concussions listed below after a bump, blow, or jolt to the head or body, they should be kept out of play the day of the injury and until a health care professional, experienced in evaluating concussions, says they are symptom free and OK to return to play.

**SYMPTOMS REPORTED BY ATHLETES:**
- Headaches or pressure in the head
- Nausea or vomiting
- Balance problems or dizziness
- Blurry vision
- Sensitivity to noise
- Memory problems
- Confusion
- Feeling sluggish, hazy, or groggy
- Blurred vision
- Nausea or vomiting
- Headaches or pressure in the head
- Memory problems
- Confusion
- Feeling sluggish, hazy, or groggy

**CONCUSSION DANGER SIGNS:**
- One pupil is larger than the other
- Cannot be awakened
- A headache that gets worse
- Slurred speech
- Seizures
- Repeated vomiting
- Loses consciousness for any amount of time

**WHY SYMPTOMS SHOULD BE REPORTED?**
If an athlete has a concussion, they need time to heal. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in youth athletes can result in brain swelling or permanent damage that has the potential to be fatal.

**WHAT SHOULD YOU DO IF YOU THINK AN ATHLETE HAS A CONCUSSION?**
If you suspect that an athlete has a concussion, remove them from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play until a medical professional says they are symptom free and OK to return to play. Rest is the key to help an athlete recover. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional. What a wild and crazy year 2020 has been! I hope you are doing well and staying safe.

On behalf of the Common Council I would like to express our gratitude and thanks to the entire New Berlin staff for their efforts and dedication to our community. They have performed their duties with professionalism above and beyond expectations especially during the 2020 election cycle and the COVID-19 pandemic. We could not be more proud of them!

Our 2020 budget, once again, increases the City’s outstanding services while controlling the City portion of the property tax. Since being elected as your mayor we have been working to bring a more business-like and fiscally conservative model to city operations. This approach has helped us to streamline our organization and reduce operating costs. As a result of these initiatives Moody’s Investment Services has again assigned New Berlin its Aaa (Triple A) Rating, the highest rating possible! According to Moody’s, “the Aaa Rating for New Berlin reflects the City’s stable financial position resulting in solid reserve levels, a history of sound financial management, characterized by conservative budgeting practices, and average debt burden with rapid principle amortization and affordable liabilities.” There are only 2 other cities in Wisconsin to be assigned Moody’s Aaa Rating.

While it is important that we continue to grow and increase our tax base, we are ever vigilant to concentrate on redeveloping areas that have lost their vitality and that any new development is done in areas that have been set aside and planned for in our Comprehensive Plan, preserving the charm of this great community that attracted us to New Berlin in the first place.

By the time you read this the City should have completed the purchase of a portion of the old Wal-Mart building that will be the future home of a new Recreation Center. Our Department of Community Development and Recreation Department are already working on the plans for this beautiful facility.

The 2003 National Avenue pedestrian lighting plan was partially implemented through land redevelopment and roadway construction projects. As a result we had a spotty patchwork of installation of the decorative pedestrian lights along National Avenue and in the City Center. In 2014 the City recommitted itself to completing the lighting plan. Once the 2020 phase of the lighting plan is completed we will have added 104 decorative light fixtures to fill the gaps and complete the western segment. This lighting project will also correct pedestrian deficiencies in the existing concrete side paths and brick terraces starting in the National and Moorland area and expanding outward while also making pedestrian connections to currently unconnected destinations.

New Berlin is blessed with a strong network of non-profit and volunteer groups that make our community the great place that it is. These groups would not be able to exist without the passion, dedication and commitment of the volunteers that staff them. No matter how much or how little time you would be able to commit, please consider joining one of the many organizations that make our community such a wonderful place to live and raise a family. And don’t forget the City has over 25 Committees, Commissions and Boards requiring approximately 140 members. If you have an interest in serving your community and would like to be considered for a position on one of New Berlin’s many committees please contact Melody Styba at mstyba@newberlin.org or 262-797-2441.

Because of the dedication and leadership of the Common Council and the City staff, the future of New Berlin looks very bright indeed! We will continue to work together to identify innovative ways to improve the services we expect at a price we can afford.

Mayor Dave Ament
Emergency Management’s Role Amidst a Pandemic

The City of New Berlin Emergency Management Department is responsible for making sure other City Departments have the resources necessary during and/or after an emergency situation. Emergency Management works with county, state and federal agencies to ensure all recovery resources are made available. Specifically, during the thick of the COVID-19 pandemic, the team worked around the clock collecting situational awareness data to help policy makers make the right decisions to help protect City of New Berlin residents and employees. They quickly reviewed plans already in place and reworked them to create a roadmap for responding to a pandemic. They exchanged information with other emergency agencies around the state, sometimes hourly, to keep everyone in Wisconsin as safe as possible. The City’s Emergency Management continues to monitor COVID-19 in the community as well as prepare for other potential emergency situations.

New Berlin Police Department—We Need Your Help!

For many of us Wisconsinites, summer/fall is travel season. Unfortunately, vacant homes provide offenders a greater opportunity to target your property. Regardless if you are headed to the north woods for an extended vacation or just going to a drive-in movie for the night, you can significantly reduce an offender’s opportunity to victimize your property by implementing some of the following best practices:

- Keep lights on at night – install a dusk-to-dawn or motion sensors on outdoor lighting. Use timers or other programmable schedules on indoor lighting.
- Lock doors and windows – install good deadbolt locks, lock the door leading from the garage into the house and lock windows, especially at night. The same holds true for your vehicle(s)
- Landscaping – keep bushes that hide doors and windows trimmed and trim tree branches that obscure vision to the house.
- Be sure your address is clearly marked with reflective numbers in a conspicuous place as to allow for first responders to easily identify your residence if called upon.
- Don’t tempt a thief – remove or secure valuables in your vehicle(s) or yard.
- Alert a trusted neighbor of any travel plans as they are in the best position to observe and report any suspicious or criminal behavior to the police while you are gone.

You can help us by simply keeping informed, staying alert and reporting suspicious and/or criminal behavior. For additional crime prevention tips, please visit our homepage at www.nbpolice.org
Seeking 2020 Citizen of the Year Nominations!

The nominee must be a citizen of the City of New Berlin, and achievements must be recent or on-going. Nominations will be reviewed by the Mayor’s Office on the following criteria:

The award will be presented by the Mayor at a Common Council meeting. Individuals or groups are encouraged to nominate an outstanding New Berlin resident who has given tirelessly to the community.

Biwer Park Update

During the winter of 2020, staff worked with Stantec to create plans for the reconstruction of Biwer Park, located at 3495 Sandalwood Drive. The scope of the project for Phase 1 will include the replacement of 20+ year old playground equipment with new accessible play components and poured in place rubber surfacing. New ADA compliant pathways will connect the site amenities to make the park accessible to all users. Phase 2 of the project is anticipated to be bid out and constructed in 2021, which will include replacing the basketball court.

The contracts for Phase 1 of this project were approved by the Common Council at their June meeting; we anticipate construction to begin in the summer of 2020.

The City is looking forward to providing a new safe and accessible playground for kids of all ages!
Are You Being Nice to Your Toilet?

During the COVID-19 pandemic, toilet paper had become scarce, and residents have been purchasing and using common alternatives like wet wipes, paper towels, facial tissue and cloth wipes as substitutes for bathroom toilet paper. Many of these products are labeled as “Flushable”, these alternative products do not degrade in water like toilet paper does and they can and do plug sanitary sewer laterals, building/home drains and sewer collection system mains when flushed down toilets.

Obstructions and clogs that occur in private sanitary sewer laterals or within residents building/home drains become the responsibility of the property owner. Some laterals are cracked, displaced or have roots in them which make the use of these products even worse.

Wipes can cause havoc with the lift station pumps, and when the pumps get bound up with wipes they stop working, and when pumps fail, waste back-ups can occur.

In the City of New Berlin, most wastewater lift stations have two pumps. One is the lead pump, and the second pump is used if the lead pump fails or during a significant rain event. When a pump is clogged with debris, staff must take the pump out of service and remove the debris by hand, which is usually a 4-6 hour task. If both pumps fail, the Utility staff needs to take emergency measures to prevent basement back-ups, thus costing the Utility and its residents a significant amount of money.

Since the onset of the COVID-19 pandemic, the Utility has experienced eight (8) pump failures at our lift stations from non-flushable debris clogging the pumps. On average, the Utility will usually experience a total of three (3) failures per year.

To avoid future sanitary sewer clogs and backups, all residents and users of the sanitary sewer system are reminded to throw wipes, paper towels, tissue and personal hygiene products in the trash and not flush them down the toilet.

The solution? Avoid flushing any wipe down the toilet, whether it be flushable wet wipes, baby wipes or cleaning wipes. The only thing that can go down the toilet, is toilet paper.

In these extraordinary times, we all need to be respectful of how our actions impact our infrastructure, neighbors and Utility staff.

Don’t Flush:

- Baby wipes
- Cotton balls
- Q-tips/swabs
- Tampons/sanitary pads
- Cat litter
- Prescription medication
- Tissue
- Cigarette butts
- Dental floss
- Food waste
- Grease, oil
- Paper towels

City of New Berlin Human Resources Department

Our Human Resources team is proud to serve the community in the most ways that we can, but if you have ever wondered how the New Berlin HR Department can help you, please see below:

What can we do?

- Organize volunteers for our many community programs and activities — be sure to refer to our social media and “Jobs” tab on our website to find our active searches for volunteers!
- Recruit for our team of staff and ensure that we have a safe, and skilled team. Please check the “Jobs” tab on www.newberlin.org to find our open positions.
- Apply feedback — we love to hear an employee shout out from our residents! Please feel free to let us know if you are impressed by the services provided by our employees!

What can’t we do?

- Press charges against your employer or prepare a case for you. While we always look forward to helping our residents, we cannot give legal advice or counsel.
- Speak for the City – please check our Community Relations team’s hard work on the website and social media for the City’s official press releases and detailed information!
- Provide work permits for minors – you must search the Department of Labor website to find the right location to obtain this document.
The following common sense guidelines can help protect you from the dangers of flooding:

- **Do not drive through a flooded area.** More people drown in cars than anywhere else. Do not drive around barriers!
- **Do not walk through flowing water.** Currents can be deceptive. Six inches of water can knock you off your feet.
- **Stay away from power lines and electrical wires.** If your house is about to be flooded, turn off the power at the service box. Electrical current can travel through water. Electro-cution is the 2nd leading cause of death during floods.
- **Be alert to gas leaks.** Turn off the gas to your house before it floods. If you smell gas, report it to a City official or your gas company. Do not use candles, lanterns or open flames if you smell gas or are unsure if your gas has been shut off.
- **Keep children away from the flood waters, ditches, culverts and storm drains.** Flood waters can carry unimaginable items that have dislodged themselves. Culverts may suck smaller people into them rendering them helpless.
- **Clean everything that has been wet.** Flood water will be contaminated with sewage and other chemicals which pose severe health threats.
- **Look out for animals, especially snakes.** Small animals that have been flooded out of their home may seek shelter in yours.
- **Do not use gas engines, such as generators, or charcoal fires indoors during power outages.** Carbon monoxide exhaust can pose serious health hazards.

### Flood Protection Measures

If your property is susceptible to flooding, there are many flood damage reduction measures you can employ:

- Watertight seals can be applied to brick and block walls to protect against low-level flooding.
- Utilities such as heating and air conditioning systems, water heaters and other major appliances can be elevated to higher floors in the structure or on raised platforms.
- Temporary measures such as moving furniture and other valuables to higher floors or sandbagging exterior openings will also help.
- Elevating or relocating the entire structure may also be a feasible option.

If you would like more information on flood protection measures contact Nicole Hewitt at 262-797-2445.

### City Planters—Thank You!

The City of New Berlin would like to thank Joe and Becky Sanfelippo for their generous donation of plants and flowers for use in the citywide planters! There are over 40 planters throughout the City, located at City Center, Safety Building and City Hall. This year, the New Berlin Garden Club assisted the Buildings and Grounds Department in planting these flowers. Thanks to everyone who helped!

Balsamic Vinegar Workshop

Made from grapes, balsamic vinegar is known for its rich flavor and velvety black color. It’s fermented in wooden barrels, much like wine, and the taste of balsamic vinegar intensifies the longer it is aged. It is wonderful on salads, fabulous with breads, and has a host of uses for cooking. Tonight we will explore the world of Balsamic Vinegar and sample some recipes that feature it as a main ingredient. You will sample… Summer Tomato and Basil Salad, Herb Crusted Turkey Tenderloin with Balsamic Marsala Sauce, Roasted Portobello Mushrooms, Espresso Balsamic Mocha Mousse

Italian Memories

There is no doubt that Italian food is one of the most popular cuisines across the world. Italian food represents an ideal way to eat. An ideal that is part of the wider “Mediterranean diet” often touted as having the right balance of a little meat, good fat in extra virgin olive oil and a lot of seafood, vegetables, grains and herbs, all washed down with wine. Our menu tonight is chock full of homey Italian flavors and a modern twist on classic tiramisu! You will sample… Bread Soup with Rags, Pasta au Pesto with Cream, Green Beans and Potatoes, Strawberry Tiramisu

Date: Monday, October 5

Delicious (but non-traditional) Holiday Dinner

Most families like to stick to the traditional dishes and flavors during the holiday season. After all, food is family and old favorites are comforting. But I like to change it up and stray away from the traditional and introduce new flavors and recipes. Asian flavors are my inspiration for this year’s family feast. You will sample… Puff Pastry wrapped Ham with Asian-inspired Pineapple Sauce, Easy Garlic Chinese Broccoli, Stuffing with Asian Flavors, Mandarin Orange Cake with Semi-homemade Cinnamon Ice Cream

Date: Monday, November 9

Class # 7246

Scandinavian Christmas

Recipes inspired by my Finnish Grandma and Great-Grandma. Homey and comforting food that was frequently enjoyed by my family during the Holidays will include… Finnish Nisu (My Grandma’s cardamom Bread), Suomalainen Lihapullat (My Grandma’s Finnish Meatballs) with Lingonberries served over Buttered Egg Noodles, Grandmas Date Pudding

**Zumba Gold**
The Zumba Gold Fitness program is second to none. It is an innovative, fun, and exciting program. It was designed for the active older adult, the true beginner, and/or people who are not used to exercising, or people who may be limited physically. The main difference between Zumba Gold and Zumba Basic is Zumba Gold is done at a lower intensity, not as fast, but it certainly is as fun. The same great Latin styles of music and dance are used. This amazing program is very easy to follow so anyone at any age will be able to do Zumba Gold.
